Culture & Sensitivity in Healthcare

Discover the differences in people coping with aging, illness and death and how they often reflect deeper values and priorities influenced by culture and circumstance.

This program is designed to identify the goal of cultural sensitivity in healthcare, explore cross-cultural communication as the foundation for the provision of culturally competent healthcare with a focus on values, beliefs, attitudes and diversity and identify strategies for promoting effective cross-cultural communication in varied healthcare settings.

SPEAKERS:

Katie Monahan Brooks | Manager, Business Development
Transitions Hospice

Laura Green | Regional Hospice Coordinator
Transitions Hospice

Kathy Breen | Director of Marketing
Heritage Woods of Gurnee

Tammy Temaner-Rosas | Business Development
