ABOUT THIS AWARD:

The **Illinois Psychiatric Society (IPS)** was established in 1938 as a district branch of the American Psychiatric Association (APA), one of the first nationwide professional organizations in the U.S.

The **Carl Bell Memorial Award** was established to honor the late Carl Bell, M.D who was a remarkable psychiatrist and nationally known for his community psychiatry work, especially on the Southside of Chicago. Dr. Bell authored over 500 publications and was the recipient of many awards throughout his career. In addition to working on many national scientific boards, Dr. Bell was a vocal crusader for health equity and violence prevention in underserved communities, and a pioneer in alcohol research with developing our current understanding of the long-term effects of in-utero alcohol exposure. He was a well-respected and beloved teacher, colleague, mentor and clinician. Thus, the Carl C. Bell Memorial Award was developed in his honor to continue to fight for mental health equity, end community violence and inspire our youth for future greatness.
