Best Resources for Information
Please visit the following for accurate, reliable and up-to-date information on COVID-19:

- CDC - Centers for Disease Control and Prevention
- Illinois Department of Public Health – The Illinois Department of Public Health has also established a COVID-19 hotline and email address to answer questions from the public: Hotline: 1(800) 889-3931 DPH.SICK@ILLINOIS.GOV
- Lake County Health Department for local updates and to sign up for email alerts.
- To get information about coronavirus via text message, text COVID19 to 211211

Prevent and Prepare

Take these steps to help prevent the spread of respiratory viruses:
- Stay home as much as possible. Stay At Home FAQs: Click Here
- Avoid close contact with people who are sick.
- Wear a cloth mask in community settings. Click here for more information.
- Wash your hands often with soap and water for at least 20 seconds, especially before eating and after going to the bathroom, blowing your nose, coughing, or sneezing.
- If you do not have soap and water, use an alcohol-based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.

I am feeling sick, can I get tested?
Call 911 if you have a medical emergency: Notify the operator that you have or think you might have COVID-19. If possible, put on a facemask before medical help arrives.

Stay home. Distance yourself from others in the household and if possible, stay in your own bedroom and use your own bathroom. Use the CDC Symptom Checker here if you or someone you are caring for is experiencing symptoms of COVID19. If your symptoms worsen, call your healthcare provider.

Do not walk into a healthcare facility, urgent care clinic, or hospital before calling. Discuss your symptoms with your doctor. If your doctor believes that you need to be tested for COVID-19, your doctor can refer you to a testing site.

If you do not have a primary care provider, please contact 211 for referral to a community clinic.

Health Insurance and Medical Expenses
If you have health insurance, visit the website for your provider or contact their customer support line with any
questions about coverage for COVID-19 testing and treatment. Many healthcare insurers are also making telemedicine available to customers for low or no cost.

If you do not have health insurance, you may be eligible for benefits through your state. Visit this website to explore options based on your household income, children in the home, and state.

If you are experiencing symptoms of COVID-19 (cough, fever, and shortness of breath) and are concerned that you cannot afford to seek treatment or a test, contact your medical provider or the nearest Urgent Care facility to seek guidance. Be sure to ask questions about cost if you seek medical care or treatment.
