COVID-19 Response Volunteer Opportunities

Our number one priority is the safety and well-being of our staff, volunteers, agency partners and the community we serve.

United Way of Lake County is closely watching the developments of the coronavirus (COVID-19) and assessing the situation daily, following all recommendations from the Federal Government, Centers for Disease Control and Lake County Health Department. In conjunction with local health officials, we are working to slow the spread of the person-to-person transmission, particularly those who are most vulnerable to infection and severe disease. Please be assured our focus on providing continued service to the community is unchanged. We are currently involved in conversations with community partners to address emerging community needs.

General Guidelines for Volunteers
Please do not volunteer for any onsite activity if in the last 14 days you have:

- Been on a cruise or in an airport.
- Been around anyone who has been sick with cough, flu, or COVID-19 or have been experiencing cold like symptoms.
- Been to an event where more than 10 people were in attendance.

In the meanwhile, consider taking these precautions to ensure a safer environment for all in the community:

- Practice social distancing.
- Stay home when possible and limit personal interactions.
- Wash your hands often and with soap and water for at least 20 seconds, especially after you have been in a public place, sneezing, coughing, or touching your face. Alternatively, use hand sanitizer (at least 70% alcohol) when soap and water are not available.
- Cover your mouth and nose with a tissue when you cough or sneeze then throw tissue away.
URGENT NEED

<td>Community Action to Combat Hunger (C.A.T.C.H.) is a coordinated group of community organizations. This group has identified the need for additional resource support and access points to provide nutritional distribution to match the increased community needs. This collective is seeking volunteer support to <strong>pack and prep meal boxes</strong>, <strong>deliver food</strong> to families or seniors in need, or <strong>move resources</strong> from one location to another for efficient distribution. Volunteer opportunities are located throughout Lake County and not at a consistent, centralized location.</td>

their own food due to physical or mental difficulties with a nutritious lunch. Volunteers frequently sign up for an open route one day a week or one day a month. However, groups can share a route. Substitute drivers are also needed so there is some flexibility depending on volunteer’s schedule. All volunteers must be 18 years or older, hold a valid driver's license, and have valid auto insurance.

**ElderCARE Lake County:**
847-406-4683
info@eldercarelakecounty.org

ElderCARE Lake County is seeking volunteers to make assurance calls to the older adults it serves. ElderCARE’s in-person friendly visits program has been suspended during the COVID-19 pandemic. Volunteers are needed to call an older adult at least two times per week to engage in conversation and to find out if any assistance accessing food, prescriptions, or medical care is needed.

**Letters and Cards of Encouragement**

Homebound seniors and veterans are isolated and cut off from their family and friends. Writing letters of encouragement or creating cheerful cards can be a wonderful way to brighten their day and provide some connection to the world again. Please consider writing letters or making cards to send to a senior living center or a veteran center of your choice. For a list of Long Term Care facilities, contact bobbi.selvik@uwlakeco.org

**Vitalant (Formerly LifeSource)**
877-258-4825

People who are healthy and able to donate blood should consider making an appointment at a local blood donation facility. Vitalant (formerly LifeSource) operates two donation locations in Lake County, one in Gurnee and one in Lake Bluff. They are extending their hours and encourage eligible donors to call (877) 258-4525 or visit Vitalant to schedule an appointment.
