

THE HAP FOUNDATION'S

Lynda P. Bollman Pediatric Hospice and Palliative Care Parent Support Group

Lynda P. Bollman's Parent advisory committee understands the fluid schedule for parents of children with medical complexities and/or childhood cancer. Subsequently, they decided to offer two groups a month, one in the afternoon and one in the evening in attempt to accommodate parents need for flexibility. The 2025 parent support group schedule, along with each month topics are below. We hope you view these identified topics as a foundation if a participant does not possess a pressing need, or the conversation is not taken into a different direction. We appreciate your understanding for our need to be flexible in this arena. This is an open group so new participants are welcome anytime.
